

EMU

At EMU, we believe in and celebrate the **power of community** as we learn in classrooms, across campus and around the globe. We begin to **see the possibilities** together. We honor our differences and care for each other. We **listen, explore and create**. Together, our ideas are transformed, our assumptions tested, our values strengthened, our faith activated and our lives enriched. At EMU, leaders are developed, mentored, supported and challenged to **make the world a better place together**.

LEAD TOGETHER
